

We had a terrific turn out for the Combined ASQ Networking event. Anyone who attended can tell you it was loud, as the first night of March Madness was blaring in the next room. I hope that you will let us know what you thought and how we can improve. We do plan to try this again- so keep on the lookout- we had about 86 people show up, and from the feedback gathered it was a great event! Thanks to everyone who supported the effort – I sincerely hope that you made a connection and will keep in touch!

### **ASQ 0618 Section Changes its Name to East Bay**

The ASQ Golden Gate Section 0618 has a new name.....ASQ East Bay. The new section name reflects a more accurate designation of the geographical area we serve. A special thank you to our Communications Chair - Dawn Plaskon - who has already updated all of the contact e-mail addresses and the pages on the website.

### **2009/2010 Section Board**

Elections were held on March 19, 2009. Congratulations to the incoming officers who will take their post effective July 1!

**MEMBERS Call to Action:** This week we will be sending all East Bay section members a survey created by ASQ National. The survey is all about what types of training interest you. Please make every effort to complete the survey- it really is the only way we learn about your needs and desires when it comes to ASQ. Results will be sent to ASQ National and we will be able to look at the results for just our section which will help us better understand your needs.

### **Your questions????**

I often get inquiries like: What is the location for an exam? Or how do I register for an event? As the section chair, I can honestly say I welcome these inquiries. The board that supports you really does want to be customer focused and get you the information you want as quickly as possible. Please do not hesitate to send your comments about an event or questions about anything ASQ and we will find you the answer or the proper contact.
