Chairman's Corner

March 2010

Our most recent networking event on February 18th was a huge success! Many people attended from all over the Bay Area including members from the Silicon Valley chapter. Neil Kuhns, our ASQ Regional Director, also managed to stop by to engage our members and attendees. I hope that many of you were able to make meaningful connections with other members of our ASQ community.

On March 31st, we will be hosting our next event at Scott's Seafood in Jack London Square. March's event topic will be on Supply Chain Management in China by Bradley Feuling. You may remember hearing Bradley speak at last season's event at Takara Sake Factory. He was so popular that we decided to bring him back for another round. This time, Bradley will be speaking on the topic of expanding supply chain in China and the challenges involved with the process, not only to the large suppliers, but also the small ones.

March is also a time for elections of officers for the 2010-2011 season. We are looking for volunteers to fill our Chair-Elect, Secretary, and Treasurer positions. We have a few people interested and are looking for more individuals who might want to participate next season. Please contact me if any of the elected positions interest you or if you would like to volunteer for next season's Board of Directors. We are always looking for new individuals to contribute to our section leadership and will be holding elections at our March event.

Please go to our website and follow the link to sign up for our March event and other future events. Hope to see you at Scott's on March 31st!

Wai Wong, Chair
ASQ East Bay Section 0618
